

Dated : 5.11. 2011

Enquiry number: CE/Drilling/Bihar

Sub: Quotation for drilling and coring

Quotations are invited for carrying out drilling and coring in parts of north Bihar plains. The drill cores in a sandy terrain have to be raised for a research project with a minimum of 80% core recovery. Six to seven sites will have to drilled within a 100 km radius and specific points for drilling will be provided. Your quote should include the costs of drilling and coring along with that for Mobilisation and remobilization, and site to site mobilization of drilling equipment.

The quotations with all technical details should arrive the undersigned by 20th November, 2011.

Address for Communication

Dr. Rajiv Sinha
Professor (Engineering Geosciences)
Department of Civil Engineering
Indian Institute of Technology Kanpur
Kanpur, 208 016, UP, India
Email: rsinha@iitk.ac.in
