Acrylic sheet of 25 mm thickness

We would like to purchase transparent 25 mm thick Acrylic sheets with following desired specifications:

1. Size: standard size of 8 feet X 4 feet.
2. Quality: Grade A i.e. without any defect (perfect cast),
3. Uniform thickness with flat surface (variation in thickness must be < 1 mm in each sheet at any point on the sheet) and without any bending etc.

The total approximate requirements are about 6 to 12 sheets. Please note that there may be changes in the required quantities as per the usage/progress of the work.

Kindly send your offer for the above mentioned items along with the following:

1. Cost of the items along with maximum possible discount
2. The price should be quoted for delivery at IIT KANPUR
3. Technical specifications in details and Quality Assurance
4. Warranty & Delivery period
5. Terms and conditions of supply
6. Any other relevant details

An early reply latest by November 26, 2012 will be highly appreciated. A small sample piece of the sheet should also be provided.

For any further information/clarifications in this regard, please write back to us at the following email:
dcrai@iitk.ac.in.

Thanking you,

Sincerely

(Durgesh C. Rai)
