Enquiry No. MSE/TEM/01

Opening Date: 18th May 2013

Closing Date: 27th May 2013 (5:00 PM)

Tender invited for Annual Maintenance Contract for TEM and its accessories

We are looking for service providers to take up the Annual Maintenance Contract for Transmission electron microscopy and its accessories. Prospective manufacturer certified electron microscope service providers can send their quotation for the same. The instruments in this package will be:

1. FEI, Neithelands make model Tecnai20 G2 U-Twin (D456) and related accessories
2. Gatan Inc, USA make CCD Camera and related accessories
3. EDAX USA, make EDS and related accessories.

The plan should include at least 2 preventive maintenance visit (each visit of at least 3 days are more) suitably spaced as per the instrument manufacture by well trained engineer trained and certified by FEI Company and unlimited number of emergency service visits on urgent basis with minimal delay.

The service period will be from 1st June 2013 to 31st May 2014.

The time period of response for emergency visits to be clearly specified and if the microscope is down for extended periods a scheme to compensate for the same are declared.

Payment would be made in two installments: 50% at the beginning of the contract and 50% after six months of satisfactory services.

Interested service providers can send their quotes, latest by 27th May 2013 to the following:
